a multi level analysis of pakistani human bombs reveals that suicide terrorism is caused by multiple factors with perceived effectiveness vengeance poverty and religious fundamentalism playing a varying role at the individual organizational and environmental levels nationalism and resistance to foreign occupation appear as the least relevant factors behind suicide terrorism in pakistan the findings of this research are based on a multi level analysis of suicide bombings incorporating both primary and secondary data in this study the author also decodes personal demographic economic and marital characteristics of pakistani human bombs on average pakistani suicide bombers are the youngest but the deadliest in the world and more than 71 percent of their victims are civilians earlier concepts of a weak link linking

terrorism with poverty and illiteracy do not hold up against the recent data gathered on the post 9 11 generation of fighters in pakistan in suicidal and non suicidal categories as the majority of fighters from a variety of terrorist organizations are economically deprived and semi literate the majority of pakistani human bombs come from rural backgrounds with very few from major urban centres suicide bombings in pakistan remain a male dominated phenomenon with most bombers being single men demographic profiling of pakistani suicide bombers based on a random sample of 80 failed and successful attackers dents the notion that american drone strikes play a primary role in promoting terrorism in all its manifestations the study concludes that previous scholarly attempts to explain suicide bombings are largely based on middle eastern data thus their application in the case of pakistan can be misleading the pakistani case study of suicide terrorism demonstrates unique characteristics hence it needs to be understood and countered through a context specific and multi level approach

since the publication of the 2005 human security report scholars and policy makers have debated the causes interpretation and implications of what the report described as a global decline in armed conflict since the end of the cold war focusing on the asia pacific region this book analyses the causes and patterns of this decline in few regions has the apparent decline in conflict been as dramatic as in the asia pacific with annual recorded battle deaths falling in the range of 50 to 75 percent between 1994 and 2004 drawing on a wide range of case studies this book looks at internal conflicts based on the mobilization of ethnic and nationalist grievances which have been the most costly in human lives over the last decade the book identifies structures norms practices and techniques that have either fuelled or moderated conflicts as such it is an essential read for students and scholars of international relations peace and conflict studies and asian studies

gerard roland s new text development economics is the first undergraduate text to recognize the role of institutions in understanding development and growth through a series of chapters devoted to specific sets of institutions roland examines the effects of institutions on growth property rights market development and the delivery of public goods and services and focuses with the most comprehensive and up to date treatment of institutions on development roland explores the important questions of why some countries develop faster than others and why some fail while others are successful

this book presents a response to the numerous calls for instituting a rules based approach in belt and road initiative bri dispute resolution the theoretical framework developed here builds a case that the bri is a demonstration of china s growing use of soft power and that bri

dispute settlement consequently operates on the basis of a power oriented approach the work analyses what a rules based approach in dispute resolution means explores what the bri actually is and what bri disputes are it then considers why rules are understood to be necessary in bri dispute resolution and finally sets out policy proposals it will be of interest to academics researchers and policymakers working in the areas of chinese law alternative dispute resolution international investment law world trade law and comparative law

a report that provides an analysis of pakistan s relationship with the financial sector it examines regulatory and institutional arrangements and proposes development options building on international practice examples

this comprehensive survey of press and electronic media now covers nearly 200 countries arranged alphabetically by country entries begin with an overview of the background economic framework and general characteristics of each country s press entries then cover the number and type of media press laws censorship issues state press relations news agencies electronic news media education and training in journalism and much more
