every person sees some dream every day even if he denies it he definitely sees it this is the reality is the dream related to the parallel universe this is a mysterious mystery till date most scientists consider it to be a product of the mind i have also seen such scenes in some dreams which i had never seen before some scenes appeared exactly the same after a few months or a few years and some were never seen till date it is possible that aliens may also be residents of

this world which we call parallel universe even though it may seem imaginary even science cannot call this a complete fantasy even religion does not say anything clearly on this subject science is constantly engaged in exploration some information has been placed before you on this subject it depends only on you how you will understand it if you have more experience or information on this subject please tell

max tegmark leads us on an astonishing journey through past present and future and through the physics astronomy and mathematics that are the foundation of his work most particularly his hypothesis that our physical reality is a mathematical structure and his theory of the ultimate multiverse in a dazzling combination of both popular and groundbreaking science he not only helps us grasp his often mind boggling theories but he also shares with us some of the often surprising triumphs and disappointments that have shaped his life as a scientist fascinating from first to last here is a book for the full science reading spectrum max tegmark is author or co author of more than 200 technical papers twelve of which have been cited more than 500 times he has featured in dozens of science documentaries and his work with the sdss collaboration on galaxy clustering shared the first prize in science magazine s breakthrough of the year 2003 he holds a ph d from the university of california berkeley and is a physics professor at mit

throughout history humanity has gazed at the stars not only with wonder but with an unyielding desire to reach and reshape them no longer content with merely observing the universe we now stand on the threshold of becoming its architects this work delves into the monumental transition from space exploration to space construction guiding readers through the imagination and engineering that may soon redefine our place in the cosmos from dyson spheres and interstellar highways to martian colonies and lunar installations the book explores the design construction and sustainability of colossal structures beyond earth it examines not only the physical and technological demands of such undertakings but also their ethical cultural economic and philosophical implications cutting edge robotics artificial intelligence and futuristic materials converge with humanity s oldest questions how do we build responsibly what kind of civilization do we want to become how will art law and society evolve among the stars with insights into parallel realities space ecosystems and the future role of the next generation of scientists and engineers this journey ventures far beyond the technical it illuminates the very soul of progress where human ambition meets cosmic scale this is a call to dream to design and to build not only structures in space but the future of civilization itself

prepare yourself for a revealing tour through the most incredible scientific mysteries of the world with your guide david wilcock the new york times bestselling

author of *Awakening in the Dream* more than two million people have seen David Wilcock's incredible tour of the 2012 prophecies in his internet documentary *The 2012 Enigma* now he expands his vision with a cutting edge investigation into alternative sciences with deep insights into what is coming in our immediate future a stunning synthesis of hidden science and lost prophecies *The Source Field Investigations* exposes DNA transformation wormholes ancient conspiracies the Maya calendar and a new model of galactic energy fields triggering mental biological and spiritual evolution unlike the apocalyptic viewpoints depicted in big budget disaster films Wilcock believes that 2012 will be a watermark for widespread acceptance of a greater reality and here he lays out the blueprints for such a golden age

The Cosmos is a scientific book explaining the various phenomena of the cosmos it specifically empathizes on quantum physics to trying to explain the cosmos its creation and various phenomena of it including its end and intelligent beings this would be a good read to know about the reality of the cosmos and dive deep into its secrets

The Hidden Science of Lost Civilisations is a guided tour through the most incredible scientific mysteries in the modern world and a rediscovery of an ancient system of physics and spirituality that has since crumbled almost entirely into ruin David Wilcock's extensive knowledge of contemporary science has led him to rewrite the Mayan myth 2012 will not be the end of the world but will be the start of mankind's golden period a hidden intelligence a living energy field that the universe is built from which David Wilcock calls the Source Field guides mankind's destiny David Wilcock has studied this intelligence for over thirty years and has come to understand that the Source Field is the key to unlocking the mysteries mankind have always struggled to answer who are we how did we get here and where are we going drawing upon alternative science as well as cutting edge quantum physics and consciousness research Wilcock connects the scientific with lost traditions of ancient wisdom to predict what lies in mankind's future

in our passionate curiosity to unravel the mysteries of the world life and the universe humans have contrived numerous theories both scientific and religious with each claiming more relevance than the last despite all of these influential postulates however the real truth remains obscured to us as it likely will until the moment of our eventual extinction in from the big bang to the big crunch and everything in between a simplified look at a not so simple universe Dr Vlad Van Rosenthal explores the subjects made complex by science and religion those concerning our planet our solar system and our civilization Van Rosenthal's

compelling and accessible style introduces us to the fundamental explanations of the origin and future of our universe and of human life from the cataclysmic explosion at the beginning to the one at the end either from asteroids colliding with the earth the nuclear explosion of nearby stars or the fatal swelling of our own sun we are a unique species on an unique planet that has most likely seen numerous civilizations and will hopefully see many more we are all invited to form and debate our own perspectives on the earth time and space for we are truly beholden to no one s mind but our own

a fascinating provocative case that the metaverse will not merely transform our virtual experience it may actually enrich the quality of our lives adam grant from the visionary co founder of one of today s most innovative technology companies this important book offers a highly persuasive argument that the metaverse a new kind of virtual world marks a profound next stage in this long human quest for fulfillment through creation chris anderson head of ted the concept of the metaverse has exploded in the public consciousness but its contours remain elusive is it merely an immersive virtual reality playground one that facebook and other platforms will angle to control is it simply the next generation of massive multiplayer online games or is it something more revolutionary as pioneering technologist herman narula shows the metaverse is the latest manifestation of an ancient human tendency the act of worldbuilding from the egyptians whose conception of death inspired them to build the pyramids to modern day sports fans whose passion for a game inspires extreme behavior humans have long sought to supplement their day to day lives with a rich diversity of alternative experiences rooting his vision in history and psychology narula argues that humans intrinsic need for autonomy accomplishment and connection can best be met in virtual worlds of ideas where users have the chance to create and exchange meaning and value the metaverse is both the growing set of fulfilling digital experiences ranging from advanced gaming to concerts and other entertainment events and even to virtual employment and the empowering framework that allows these spaces to become networks of useful meaning bloomberg intelligence recently predicted that the metaverse will become an 800 billion industry by 2024 but its implications argues narula will lead to far more awe inspiring possibilities than a spigot of cash the arrival of the metaverse marks the beginning of a new age of exploration not outward but inward with the potential to reshape society and open the door to a new understanding of the human species and its capabilities rigorously researched and passionately argued virtual society is a provocative and essential guide for anyone who wants to go beyond superficial headlines to understand the true contours and potential of our virtual future

contact their loving message for our world explains in the extraterrestrial s point of view who they are and what they are doing here learn about star people why the planet earth is changing and the role of evil in our world the et s explain what life is like with them and what you can do to help yourself and the planet

understand your present with this powerful book on past lives in this book regressionist mira kelley shares the life changing lessons she has learned from her clients to help you find support and understanding and to empower you in your own growth mira teaches you how to connect with your higher self in any moment to receive guidance you will come to understand how everything around you is just a reflection of yourself why is it important to forgive why you have the right to love yourself and how the universe always supports you lovingly and unconditionally the stories contained in these pages will help you discover how to heal your body mind and spirit as you learn about the nature of time karma destiny and free will as well as how each choice creates a new reality for you as you read beyond past lives you will see how regression has helped others shift to a reality of health and well being and you will be guided to achieve the same for yourself prepare for a powerful transformation as you experience the profound lesson of your past lives

includes section reviews of recent theological literature

traces the history of the universe from the big bang that began it through the emergence of life in it to current exploration of it and theorizes about future discoveries and its ultimate end

springing from physics and featured in science fiction the parallel worlds theory is an earth shattering revision of our understanding of reality it says simply that everything that can happen does universes branch and branch in time one for every alternate possibility far more than an intellectual exercise the parallel universe principle can be applied in personal reality and everyday life you can create your reality by becoming the parallel world version of yourself for whom the experience you want is already real this is your roadmap your guidebook to parallel universes of self
